MEXIA NOW UNDER MARTIAL LAW

PREMIER BRIAND OF FRANCE HAS RESIGNED

By Associated Press

PARIS, Jan 12—Premier Briand submitted his resignation to President Millerand at the Elysee palace today after making a lengthy statement before the chamber of deputies, justifying his attitude at the Cannes conference

M Briand's intention to resign was announced to the chamber at the close of an hour's speech The announcement came as an entire surprise, as he had apparently won the sympathy of the chamber His colleagues of the cabinet were filled with amazement at his sudden determination

M Briand, after making his announcement left the chamber alone The members of the cabinet followed as soon as they had recovered from their surprise

Groups of deputies and government officials speedily gathered in excited discussion of the seriousness of the situation seeking a way out of the difficulty

The resignation of Premier Briand was accepted by President Millerand The entire French cabinet went out of office with Briand

ACCEPTS RESIGNATION OF BRIAND AND HIS CABINET

PARIS Jan 12—President Millerand today accepted the resignation of Premier Briand and his entire cabinet and indicated he would not ask any one to form a new ministry before tomorrow Minister of War Barthou and former President Poincare were mentioned prominently in parliamentary lobbies as likely candidates for the task of forming a new government

President Millerand, according to custom, summoned M Bourgeois and M Peret presidents of the senate and chamber of deputies respectively, for a conference on the situation But M Peret was delayed by the necessity of the chambers reconvening to adopt its program without the presence of a government

LIKE BOMBSHELL EFFECT ON THE ARMS CONFERENCE

WASHINGTON Jan 12—The resignation of Premier Aristide Briand of France was received with almost bombshell effect in arms conference circles the action being considered likely to have a great effect on decisions already reached or about to be reached

The belief also was expressed in conference circles that the overturn of the Briand ministry would greatly affect the Genoa economic conference in which American participation had been invited and also the present conversations at Cannes

Conference officials declared that as customary during cabinet crisises in France the resigning cabinet would remain in power for continuing the administrative work of the government and in the same way M Sarraut would remain in Washington and would continue to attend to the work of the conference, but would not feel entitled to make any definite decisions or to pledge the action of France on any question until the new cabinet is appointed

Secretary Hughes announced officially shortly after noon today the fact of Premier Briand's resignation to the heads of several of the armament delegations who were in conference with him at the time The news was received with expressions of dismay

It is a very grave event,' said the head of one delegation

There was no immediate comment made for publication by those participating in the conference who included Arthur J. Balfour, of the British delegation, Senator Schanzer of the Italian group Baron Kato of the Japanese and M Sarraut of the French

BRIAND IS SUPPORTED BY FRENCH CABINET

PARIS Jan 12—Premier Briand, who arrived here this morning to consult the cabinet and appear before parliament with regard to the Cannes negotiations will speak in the chamber of deputies this afternoon with the full support of his cabinet behind him it was stated after his meeting with the cabinet this forenoon

The cabinet meeting was concluded at 1 o clock after a two-hour session The premier it was indicated had explained the situation with the result of removing such doubts as his colleagues may have had over the situation

M Briand upon his arrival went directly to the foreign office and thence to the Elysee palace where he had a long conference with President Millerand

According to some of the morning newspapers President Millerand has shared the uneasiness displayed by

VOTE INDICATES SEATING NEWBERRY

WASHINGTON, Jan 12—The senate late today in a preliminary vote defeated an amendment offered by Senator Norris, republican, Nebraska, to unseat Truman H Newberry as senator from Michigan The amendment was to the republican resolution declaring Senator Newberry entitled to his seat and paved the way for a final vote on the case

The vote on the Norris amendment was 46 to 41

A vote was then taken on the democratic resolution declaring the seat vacant but incorporating the Willis amendment as to expenditures.

WASHINGTON, Jan 12—A call for a vote in the Ford-Newberry election contest was made in the senate shortly after 2:30 o'clock today and the chair put the first question, the Willis amendment denouncing expenditure of money in such large sums as in the 1918 senatorial campaign in Michigan Proceedings however, were interrupted by call for a quorum.

WASHINGTON Jan 12—Republican leaders of the senate agreed today to an amendment by Senator Willis republican Ohio to the resolution declaring Truman H Newberry entitled to his seat as senator from Michigan The Willis amendment would strike out the so called exoneration clause and substitute a condemnation of large campaign expenditures

As revised by its author the Willis amendment read Whether the amount expended in this (Michigan) primary was $1 to 000 as was fully reported or openly acknowledged or whether there were some few thousand dollars in excess the amount expended was in either case too large much larger than ought to have been expended

The expenditure of such excessive sums in behalf of a candidate either with or without his knowledge and consent being contrary to sound public policy harmful to the honor and dignity of the senate and dangerous to the perpetuity of a free government such excessive expenditures are hereby severely condemned and disapproved

STUDENTS URGE SENATOR TO VOTE AGAINST NEWBERRY

WASHINGTON Jan 12—Senator Willis republican Ohio classed as one of the doubtful senators in the Newberry election contest today offered an amendment to the republican report holding Newberry entitled to his seat setting forth that the expenditure of such large sums by relatives or friends of a candidate with or without his consent was contrary to public policy and dangerous to the perpetuation of free government and that expenditure of such sums was condemned and disapproved

When the amendment was presented Senator King democrat Utah asked if Senator Willis would carry it to its logical conclusion and say that in view of such expenditures Senator Newberry is not entitled to his seat

My amendment speaks for itself and we will meet that when we get to it Senator Willis replied

SINN FEIN LEADERS AGAINST TREATY ARE SUMMONED TO MEET

ARE CALLED TOGETHER TO CONSIDER THE GENERAL SITUATION.

NEW PRESIDENT STARTS FORMING GOVERNMENT

South Ireland Parliament Is Called to Meet Saturday to Pass On Treaty.

By Associated Press

DUBLIN Jan 12—Leaders of the sinn fein faction opposing the peace treaty have been summoned today by Eamonn de Valera deposed president of the dail eireann to consider the general situation growing out of ratification of the treaty Meanwhile Arthur Griffith, the new president has started the machinery of his provisional government one of his first acts being to summon the south Ireland parliament for a meeting on Saturday for the purpose of formally passing upon the treaty This formal ratification is specifically provided for in the pact

Mr de Valera has stated that he will ignore the meeting on Saturday and believes his followers will do likewise The supporters of Mr Griffith believe that this insures unanimous approval of the treaty by the remaining members with the added votes of the four unionist members for Dublin university It is expected that the proceedings will be brief and formal and that the acts taken by the cabinet in the interim will be approved thus confirming the constitution of that body as announced by President Griffith It is reported that one of the unionist members of the parliament may be added to the cabinet thus giving a coalition complexion to the administration

The British authorities have begun their evacuation from Dublin castle and release of Irish political prisoners was announced today In addition preparations for the withdrawal of British military forces are understood to be going forward All these developments are construed as strengthening the position of the new Irish government

Will Griffith and his colleagues are going ahead with their plans there is no lack of the prophets of evil ready to emphasize the pit falls surrounding their task—such as the republican opposition the technical illegality of any act of the provisional government until the treaty is formally ratified both in Ireland and in England the alleged bitter hostility of a large section of the Irish republican army and similar issues

The executive committee of the sinn fein women's organization at a meeting here last night adopted a resolution by a vote of 24 to 22 reaffirming its allegiance to the republic and refusing to support the Anglo Irish agreement Countess Georgia Markiewicz the president was in the chair and delegates from the country districts attended The league has 5 000 members in Dublin city alone

It was announced by the dail's foreign department last night that no official delegation from Ireland would attend the Irish race convention in Paris

The Dublin newspapers supporting the treaty continue to assail opponents of the pact

GERMAN DELEGATION BEFORE THE COUNCIL

Commission Unable to Agree on Postponement of Reparations Payment.

By Associated Press

CANNES Jan 12—The German delegation headed by Dr Walter Rathenau was received by the allied supreme council this morning the reparations commission having reported that last night's conference with the Germans had been without result

DR. RATHENAU APPEARS BEFORE THE COMMISSION

CANNES FRANCE Jan 12—Dr Walter Rathenau, head of the German delegation was before the reparations commission for three hours last night to explain Germany's request for postponement of reparations payments He made no new offer on behalf of his government, merely outlining the general conditions previously made known and protesting the good faith of his government

He pointed out that the trade balance was against Germany making purchase of foreign currency difficult and that intensified production was the only solution of her difficulties, but this was blocked by the customs barriers created by the allies The initiative for a new world economic policy therefore could not come from Germany he said

PROCLAMATION BY GOVERNOR EFFECTIVE AT 5:00 THIS MORNING; COVERS TWO JUSTICE PRECINCTS

MEXIA, Jan 12—Temporary suppression of an extra edition of the Mexia Evening News carrying Governor Neff's proclamation of martial law here, carried in Austin dispatches of the Associated Press, and general order No 1 by Brigadier General Jacob F Wolters, who took command here this morning, was ordered by Captain H H Johnson of the general staff General Wolters was not in the city at the time and the fact that other local newspapers had not yet obtained a copy of the proclamation was given as the reason for Captain Johnson's order

AUSTIN Jan 12—By a proclamation issued today Governor Neff declared martial law at Mexia Texas and the surrounding oil field country The proclamation specifies justice precinct No 4 in Limestone county and justice precinct No 5 in Freestone county The order became effective at 5 o'clock this morning

Brigadier General Jacob F Wolters is placed in command subject to orders of the governor as given through Adjutant General Barton General Wolters has authority to draw on the national guard forces of Texas for all men needed to enforce the martial law Governor Neff said early this morning he had not ordered out any troops

The governor set forth his reason in the proclamation which follows

An intolerable situation exists in and near the town of Mexia Texas to wit The open and flagrant violation of the law in this that highway robbery is of frequent occurrence is complained in some cases by the murder of peaceful and law abiding citizens gaming houses are in full operation day and night protected by armed men intoxicating liquor is being openly sold over the bar at so much per drink as well as in bottles and other containers a multitude of unfortunate women ply their nefarious business in houses of ill fame and the local officers are either unable or unwilling to maintain and enforce the law and

Whereas this condition has heretofore caused acts of violence on citizens of the state and there is now imminent danger of insurrection tumult riots and breach of the peace and serious personal danger to the inhabitants and property of citizens in the territory hereinafter described and

Whereas section ten of article four of the constitution of Texas makes it the duty of the governor of this state to cause the laws to be faithfully executed and

Whereas section seven of article 4 of the constitution of Texas makes the governor of this state the commander in chief of the military forces of this state and gives him the power to call forth the militia to execute the laws of the state'

Governor Neff said that General Wolters and Adjutant General Barton would confer at Mexia this morning and then the troops needed to maintain order will be ordered out The conference will also decide when the rangers will remain there

The martial law was declared after a campaign to state rangers against lawlessness had been inaugurated under the personal direction of General Barton It had been under way since last Saturday

Major Charles Crawford, assistant adjutant general said on learning of the proclamation that the nearest troops to the troop of cavalry at Groesbeck Others are available at Dallas Fort Worth Hillsboro Waxahachie and Ennis All of these units are fully equipped and ready to entrain at a minutes notice he said He said he knew of no orders being issued for the troops to be in readiness to move

Governor Neff said in regard to the martial law at Mexia that he did not expect any armed resistance in the clean up campaign now going on but that it developed that martial law was necessary in order to accomplish their ultimate object in the campaign

In conference with Attorney General Keeling and General Barton we decided martial law was necessary to accomplish our purposes the governor said Not that we expected any open resentment or outbreak but merely as a matter of course in cleaning up the town and surrounding country

The city of Mexia is included in justice precinct No 4 Limestone county which precinct is one of the two specifically mentioned by Governor Neff in his proclamation The great part of the territory known as the Mexia oil field is included in precinct 4 Limestone county justice precinct No 5 Freestone county

The headquarters troop of the 56th cavalry brigade of the national guard located at Prenham was ordered to entrain for Mexia by Major Crawford at noon today following instructions from General Barton by wire The troop of 40 men will leave Prenham at 3 48 p m and arrive at Mexia shortly after midnight

The troop will take full field equipment and go prepared to stay in indefinite length of time Major Crawford ordered the captain F A

COLONEL EXPLAINS HOW THE MEN WERE HANGED IN FRANCE

MAYOR AND TOWN AUTHORITIES WERE ASKED TO ATTEND

WOMEN AND CHILDREN WITNESS EXECUTIONS

Only Two Soldiers Hanged at Is-Sur Tille March to July, 1919

WASHINGTON Jan 12—Only two soldiers were hanged at Is Sur Tille while I was in command there from March to July 1919 Colonel Samuel V Ham testified today before a senate committee investigating charges that soldiers had been put to death in France without trial

Explaining how the orders to execute the men had been carried out Colonel Ham said they caused him acute personal regret that he kept them from the knowledge of his staff for a day The post chaplain was directed to confer with the condemned men while the gallows was being erected and to remain with them constantly

The military police were directed to throw a cordon around the scaffold he said and the mayor and town authorities were asked to attend Colonel Ham added, however, that nearly all the French women and children in the neighborhood were present

Asked about the testimony of former soldiers that men in the American army were tried by French courtmartial Colonel Ham speaking with great emphasis declared 'That is not possible

'Witnesses have claimed they were afraid to report what they regarded as shooting of soldiers without cause Is that true?' asked Chairman Brandegee

'Such a thing is incomprehensible to me' he replied

Colonel Ham declared that if a soldier started to retreat in battle and refused to halt he would shoot him if it thought it necessary to stop a rout

The hearing was adjourned until next Tuesday

GENERAL AMNESTY IS GRANTED POLITICAL PRISONERS IN IRELAND

DUBLIN, Jan. 12.—Withdrawal of the government police auxiliaries from Ireland will be begun immediately. It was announced officially today that the first contingent, comprising nearly 300 of the auxiliaries, would leave Dublin tomorrow for England.

By Associated Press.

LONDON Jan 12—King George has granted general amnesty in respect to political offenses committed in Ireland prior to the operation of the truce last July, it was announced today The release of prisoners will begin at once

The text of the proclamation which was issued by Winston Churchill secretary for the colonies reads

The king has been pleased at the moment when the provisional Irish government is due to take office to grant general amnesty with respect to all offenses committed in Ireland from political motives prior to the operation of the truce July 11 last

The release of the prisoners to which amnesty applies will begin forthwith

'It is the king's confident hope that this act of oblivion will aid in powerfully establishing relations of friendship and good will between the peoples of Great Britain and Ireland

Figures given out in Dublin last night in anticipation of the amnesty proclamation showed that 1 010 persons who probably would come under the classification of political prisoners were still in confinement This number includes 21 persons charged with murder 171 with attempted murder 478 with possessing firearms and 226 with crimes of violence the others being held on minor charges A few sinn fein prisoners are under sentence of death These according to recent Belfast advices include the 16 men in jail there whose execution has been set for the latter part of January

The men under confinement in the Irish internment camps were released in December

MIDLAND COLLEGE TO BE MOVED AND MAY LOCATE HERE

C. OF C. EFFORT TO OBTAIN SCHOOL TAKES MORE DEFINITE FORM.

ANOTHER TOWN MAKES BIG OFFER FOR SCHOOL

Committee to Take Further Action On Matter at Meeting January 19.

That Wichita Falls has an excellent chance to become the location for Midland college, a junior institution of the Christian church, now located at Midland, Texas, was the report brought back Thursday by Rev. J Lem Keevil and Prof. Lee Clark, who, as a committee from the chamber of commerce, attended the Christian conference at Fort Worth at which the removal of the school was discussed.

There will be keen competition for the school, it developed, and another west Texas town, Cisco, has offered three buildings, well equipped, and 100 acres of land for the institution. It was virtually decided at Fort Worth that the school will be moved from Midland, and a meeting will be held January 19 at which the offers of the competing communities will be further considered.

The city that lands the school will be in position to have a senior college later, it developed at Fort Worth, for while the Midland institution has only junior standing at present, it is planned to make it a regular college as soon as possible.

The movement to bring this college to Wichita Falls started several weeks ago, but for obvious reasons the name of the school was not made public at that time

Cisco's offer includes a brick administration building and two wooden dormitories, which are to be put in first class condition for the school, and to which a 100-acre tract will be added The cash value of this offer is less than that of Wichita Falls, and it is believed that the advantages offered by this city materially outweigh those of the other community, however that is something of which the locating committee will have to be convinced.

A meeting of the college committee of the chamber of commerce has been called for Friday morning to consider the report.

CHILDRESS POULTRY SHOW ON FEBRUARY 10 AND 11

CHILDRESS, TEXAS, Jan 12—At the January meeting of the Childress County Poultry association yesterday, the following officers were elected for 1922: J. E. Rodgers, president; Dr. H. D. IDENTIFY THE MAN . HELD AT AMARILLO

Is Turned Over to Oklahoma Officers to Answer Murder Charge.

AMARILLO, Jan. 12.—The man arrested here Tuesday night and held in connection with the murder near Goodwell, Okla., of Antonio Puelo, believed to be a barber of Toledo, Ohio, registered at a local hotel as "A. Dillon, Toledo, Ohio," was taken to Guymon, Okla., county seat of Texas county, today by Sheriff Charles Leeman of Guymon.

Dillon told officers following his arrest that his name is A. L. Davis and that his home is in Indianapolis, but later admitted that his name is Carlo Canepa and that his home is in Cleveland, Ohio.

Naturalization papers found on his person issued by federal court in Cleveland, Ohio, February 24, 1921, bore the name of Carlo Canepa and gave his residence as Cleveland.

Canepa says he is 25 years of age and has a wife and one child. His parents live in Indianapolis and he has a brother-in-law, Max Farber, living at Breckenridge, Texas, he said.

Canepa will be held by Oklahoma officers pending grand jury investigation of the murder of Puleo.

Search of Canepa's effects revealed that he had an automatic pistol with three empty chambers. Puleo's body had three bullet wounds. The car in which he drove to Amarillo had razor straps, razors and other articles indicating that the owner was a barber. The description of the car that Canepa drove into Amarillo tallied with the description of a car which Puleo left at a Goodwell garage Monday night.

When arrested Canepa was wearing a diamond ring of peculiar design, which officers say corresponded to a ring on the finger of the dead man.

Canepa offered no explanation of his presence in this section of the country, but denied any connection with the killing of Puleo

RETAIL FOOD PRICES DECREASED IN 1921 12 TO 18 PER CENT

WASHINGTON, Jan 12—Retail food prices in 16 principal cities in the United States decreased 12 to 18 per cent in the 12 months ending December 15 last, the bureau of labor statistics of the department of labor announced today. The bureau's figures show that prices prevailing last month in 13 of the cities from which 1913 statistics were available, had increased since that year from 33 to 59 points. During the month from November 15 to December 15, 1921, 12 of the cities reported decreases in food prices, two reported increases and the other two, Manchester, N. H., and Minneapolis, reported no change.

Mobile, Ala., and Savannah, Ga., had the highest percentage of decrease in prices for the 12 months period, each reporting an 18 per cent decline. Other declines included Dallas, 14 per cent.

During the month ending December 15 Dallas reported an increase of less than five-tenths of one per cent.

New York with 59 per cent led in the increase in average retail food costs since 1913, and Dallas 48 per cent.

RE-GRAVELING OF ROAD COST COUNTY 95 CENTS A YARD

Regraveling of the first five miles of the Charlie road, sometimes known as the Friberg or the Thornberry road, cost the county the small sum of 95 cents per yard The work of placing a new surface on the road was under the supervision of Dick Morris, foreman of road work under Commissioner J P Jackson.

A four and one-half inch new surface was placed over the road with gravel taken from a pit located near the course of the highway The gravel itself cost 20 cents a yard and the loading, hauling and placing was done at a cost of 75 cents a yard.

The total cost of the five miles was $4,618.60, according to figures received from the office of W. W Murphy, county auditor.

WATER IS GIVING TROUBLE IN PYRAMID NO. 2 WHARTON

Water has been giving considerable trouble in the drilling operations of the Pyramid Oil company's No. 2 well on the Wharton tract south of Vernon. The water at first was thought to be coming in on account of a leak in the casing, but on closer examination it was found the casing seat was caving. The pipe will have to be pulled and reset before operations can be resumed

The Triangle Oil company in the same tract is down around 1540 feet and is drilling day and night.

WILBARGER FARM BUREAU MEETS MONDAY AFTERNOON

DANCING ACADEMY TO OPEN CONFETTI BALL SATURDAY

The Wichita Dancing academy will open with a big confetti ball Saturday evening at the academy hall, 807-809-811 Tenth street, according to an announcement by J S Mills, manager.

Work on the floor to prepare it for the dancing season is progressing very nicely, according to Mills, and will be in fine shape for the opening dance Thursday night Mills said that a good floor and good music would be the policy of the academy.

The dances will be conducted under a club membership plan.

DEEP TEST NEAR PLAINVIEW IS STILL BEING DRILLED

Work is still going on in the Bledsoe Oil company No. 1 test on the Richter farm near Plainview and is down around 3120 feet. This well caused some excitement a few months ago when a shallow sand was encountered at 980 feet which showed considerable oil and gas and another around 1310, but both were passed up in and endeavor to encounter a deeper sand. When the Bledsoe company completed their contract it was turned over to the leaseholders who immediately formed a new company for the purpose of drilling to 3500 feet unless oil or gas was found in paying quantities before reaching that depth. The present president of the new company is A. E. Boyd, president of the Plainview chamber of commerce.

10-CENT RATE GRANTED ON SOUTHERN CRUDE SHIPMENTS

The railroad commission for the state of Texas has granted an application of the Wichita Falls and Southern Railroad company for the adoption of a rate of 10 cents per hundred pounds for the transportation of carload shipments of crude petroleum from the South Bend and Elmaville district of Young county to Wichita Falls. This rate is immediately effective.

ELKS AND KNIGHTS WIN FIRST GAMES

Surprises Occur in Opening Contests Of City Basketball League.

Two upsets occurred right off the reel last night when the Elks basketball five defeated the Gaines quintet, 24 to 22, and the American legion succumbed to Knights of Columbus by a score of 39 to 24 in the opening games of the city basketball league The first contest was expected to be close but the Gaines outfit was supposed to have a slight edge on the Elks while the Legion team was predicted to run roughshod over the Knights

As the score indicates the first contest was close from start to finish The shooting of free tries marked the turning point in the game and Homer Gordon s accurate tossing from the line won the game The Gaines cagers had ten chances to drop the ball in on free tries but only two were made good Both sides missed several easy field goals The first half ended with the score in a 12 12 deadlock Sayler s shooting in the second half kept the Motor boys in the running but frequent fouls by his mates which were turned into points by Gordon won out for the Elks

In the second fray the Knights got the jump on the Legion and had rolled up eight points before the former soldiers got start d The latter then braced and fought the Knights to a standstill for the remainder of the game but the eight point handicap was too much Dom Valchnes s good shooting was easily the feature of the night Captain Ferguson of the Legion proved that he was 'poison' the minute he got away from the Coffey brothers by caging six field goals but the two brothers kept him pretty well boxed up all night Captain Wilson of the Knights was also a prominent factor in his team's win His floor work was the best of the night He was in the thick of every play and apparently never extended himself

What little team work was displayed was furnished by Ferguson and Rogers of the Legion These two worked together like old-timers, but the opposing defense was simply too much for them

A large crowd attended and judging from the enthusiasm displayed by the fans, the success of th league is assured

CARPENTIER AND COOK SCRAP IN LONDON TONIGHT

LONDON, Jan 12—Georges Carpentier will meet George Cook of Australian in Albert hall tonight Carpentier is reported to be in first class condition and three pounds heavier than when he fought Jack Dempsey, but 'Little Dempsey,' as Cook is called by his admirers, is confident in his ability to win

CALOMEL GOOD BUT AWFUL TREACHEROUS

Next Dose May Salivate, Shock Liver or Attack Your Bones

You know what calomel is It s mercury, quicksilver. Calomel is dangerous It crashes into sour bile like dynamite, cramping and sickening you Calomel attacks the bones and should never be put into your system

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel Take a spoonful and if it doesn t start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day, it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great No salts necessary. Give it to the children because it is perfectly harmless and can not salivate (adv)

ROTARY SPEAKER TELLS OF FAILURES DURING PAST YEAR

Commercial failures in the United States in 1921 numbered over 19,000, involving about one per cent of all establishments, according to figures submitted at the Rotary club luncheon Thursday by T J Fitzsimmons, local manager for R G Dunn & Co, who made the weekly 'classification talk"

The number of failures was the greatest of any year since 1915 which in turn was the record year since 1891, Mr Fitzsimmons' figures indicated In his talk he sketched the growth and development of the commercial agency since 1841 and also discussed the various factors which are taken into consideration in measuring the credit to which a business man is entitled

A stirring appeal by E S Goodner for hearty support in the chamber of commerce campaign next week a report by Dr C R Hartsook on the work of Miss Bessie Jones the "Rotary girl" who is being educated by the club and the starting by Rev N F Grafton of a movement to send at least 50 local Rotarians to the district conference to be held at Mineral Wells in March, were other features of the luncheon

To Start Work on Community House Within Ten Days

Work on the North Side Community House will be started within 10 days according to the confident expectation of the North Side Civic league woman. Donations of money, material and labor to date have justified the plans for the start in the middle of the month, it is stated, and it is hoped to complete the building in January.

The league met Tuesday afternoon by special invitation with Mrs T. R. Shook members of the central league being present. The annual election of officers and reports on the progress of the community house plans featured the meeting with provision to attend to several special matters called to the attention of the civic organization.

Mrs H. P. Giullatt present president of the league, was re-elected by unanimous vote no other name being reported with Mrs J. J. Scott vice president and Mrs M. J. Marshall secretary. The standing committees were unchanged.

Splendid progress was reported on the community house plans including reports of various donations for the building. These included lumber brick for foundation money and labor. The social service committee reported the sick in and near the community needing help were being cared for and Mrs M. H. Glover, of the local Red Cross committee volunteered help. A report on the proposed north side swimming pool which has been badly needed for the past several years since the community has built up to its present proportions was to the effect that the committee felt the only way to get the pool was by means of private donations. A committee was advised to see Dr Bengston concerning some insanitary conditions near the river. Mrs W. B. Carter's offer of help from the central league in the city beautiful action department was accepted and Mrs J. P. Sharp new president of the central league made a brief talk in which she outlined suggestions for co-operation. Mrs Ford reported $10 cleared from the oyster supper recently held as a community house benefit with some other money taken in at Tuesday's meeting.

MONTHS OF SUFFERING

How a Baltimore Girl Recovered Her Health

Baltimore, Maryland.—"For several months I suffered with severe backache and general weakness. I could not sleep comfortably at night for the pains in my back. I found your book at home one day and after reading it began at once to take Lydia E. Pinkham's Vegetable Compound. Now I have had very good results and some of my girl friends are taking it now. You may use this letter to help other girls, as you believe in your food helped me." — Irene Wilcox, 3033 Roseland Place, Baltimore, Md.

That is the thought we other women have in letters recommending Lydia E. Pinkham's Vegetable Compound. These women know what they have suffered, they know the distress and state how they were relieved or made well.

Lydia E. Pinkham's Vegetable Compound is a medicine made from roots and herbs and contains no drugs, to relieve the nervous women in whom have, which is accompanied by backache, weak feelings, nervousness and an inclination to get anything done it is an annoyance. It has helped many women. Why not try it?

ADVENTURES OF THE TWINS

BOX-KITES' STORY

By OLIVE ROBERTS BARTON

There we were, up in the sky spelling "Use No Soap."

Nick and Nancy and Hoskins sat quite still while the Dairy Queen was hearing the troubles of all the kite people from the Land of Up in the Air.

Who is next? she asked.

I'm, answered two box kites stepping timidly forward.

We corrected the Queen. We nodded one of the kites. But we're so nervous we forget our grammar.

Why, what is the trouble? asked the Queen kindly. What are you afraid of?

We, we don't want to be sent back, if you please, explained the kites. You see, we spoiled the trade.

I haven't the least idea what you are talking about, declared the Dairy Queen. Suppose you begin at the first and tell me all about it.

Well, said one of the kites, it was this way. As we are box kites we go very high up into the air and being alone we can carry a great deal of weight, so Mr Pettigrew thought of a plan to use us in advertising. Mr Pettigrew is manager of the Snow Soap company. So he got eleven of us and put an electric light in each one. As we all had different letters at night when we were sent up into the sky with our lights burning we spelled out the words "Use Snow Soap." I had my S on me and my friend had the U. As you can see. But one night our lights went out. There we were up in the sky spelling Use No Soap and the children were tickled to pieces when they looked out of their windows at bedtime and saw us. Mr Pettigrew was furious so my friend and I flew away and came here. Please don't send us back. It wasn't our fault.

I'll write a note to Mr Pettigrew, said the Dairy Queen. You need not be alarmed about returning to your friends.

BIG REPRESENTATION OF SCHOOLS AT MEET OF PARENT-TEACHERS

The fullest representation of the various schools' councils ever present at a meeting of the Parent-Teacher federation was reported from Tuesday afternoon's meeting at the home of Mrs J. E. Wolf when practically all of the local school organizations were represented.

The meeting was strictly business, with consideration of the Saturday morning movie matinees for money raising, and of the paper economy plan. It was decided that the federation will present the Saturday morning movie matinees for the treasury benefits, to be given in behalf of the schools in rotation. With regard to the paper plan, by which it was proposed to make a shipment purchase of paper for the local school children at a great saving, no decision was reached, the committee making some suggestions.

A committee was appointed to respond to the request of the negro parent-teachers' association for help in their work, and will meet with the latter at an early date.

Those who were present and the schools represented included the following: Mesdames A. L. Thornburgh, Alamo Jr. and High; R. E. Porter, High and Junior High; M. L. Hooker, High; C. T. Warman, Sam Houston; Homer McGregor, Alamo and Junior High; W. L. Whitlaw and Ed Reesey, San Jacinto; D. M. Jones, Austin and Junior High; R. L. Blackwell, C. Ballard and S. D. Walkup, Darwin; A. P. How to Make Child-birth Easier!

DO YOU wish to know how thousands and thousands of women have gone thru motherhood without knowing some of the pains and discomforts incident to childbirth? *Listen to this:*

Motherhood creates almost a new state of being for a woman.

As a result, new nerves, those heretofore restful and quiescent, spring into activity, they cry out, they tingle, they burn in their unrest.

The network of nerves across the abdomen, the loins, the back and other parts now become super-sensitive. All these nerves are being called on to endure unusual duties.

These nerves must be pacified and comforted, we must be put in a condition for the event that is pending.

If these nerves are not soothed and quieted, there may arise an aggravated nerve tension, the pacing to severely those nerves to morbid sensitiveness often calling to a serious paralysis of the back and limbs. The burden of motherhood is in a condition where she is unable, fully, to meet the test when the climax is made very severe.

Mother's Friend is used externally as a massage, and its purpose, thru daily use, is to gradually, gently and effectively relax the muscles and nerves involved in the function of child bearing, to make the skin soft, pliable and elastic so that it may expand easily and naturally as the abdominal parts enlarge—thereby relieving the tension and strain on these muscles and nerves of the otherwise severe ordeal before delivery.

Mr. Pipes, who has had this work in hand since its inception, announces that he is looking for work, that pays some salary.

DAUGHERTY RETIRES FROM OVERLAND MOTOR SALES CO.

Walter J. Daugherty, who has been with the Overland Motor Sales company for some time, has severed his connection with that concern, according to announcement Thursday. Mr. Daugherty has not announced his plans for the future, except to say that he will remain in Wichita Falls. Mr. Daugherty has been here about six years.

14-YEAR-OLD BOY IS JAILED FOR SHOPLIFTING IN 5 AND 10-CENT STORES

Three tin whistles, as many pairs of dice, a rubber ball, flashlight, toy bank, pack of cards and about $3 in nickles and dimes were disgorged from the pockets of a 14-year-old boy Thursday morning following his arrest on charges of shoplifting. All the articles are said to have been taken from the Kress and Woolworth stores.

M H Chenault, manager of the Kress store, detected the boy making a round of his counters, he told police, and followed him after he left the place. The youth went straight to Woolworth's, according to Chenault, and was filling up at that place when Chenault intervened and notified the police.

The boy was turned over to Juvenile Officer Yates after having admitted the thefts at the two 5 and 10 cent stores

WHEN HAIR THINS, FADES OR FALLS, USE "DANDERINE"

35 cents buys a bottle of 'Danderine' Within 10 minutes after the first application you can not find a single trace of dandruff or falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, helping your hair to grow long, thick and luxuriant.

Girls! Girls! Don't let your hair stay lifeless, colorless, thin, scraggy. A single application of delightful Danderine will double the beauty and radiance of your hair and make it look twice as abundant. (adv.)

RANGER M'CORMICK TRACES WAGON AND MAKES AN ARREST

Ranger J. W. McCormick returned to the court house Thursday noon after an absence of five hours, with a man, whom he had arrested on the charge of theft of a wagonload of horse feed.

The feed was stolen from the ranch of Carl Williamson, near Burkburnett, on Tuesday night, but no trace of the alleged thief had been left. The owner of the stolen property had no idea as to who the party was.

Ranger McCormick traced the wagon to Burkburnett and states that he found the feed in a barn.

Theft of property under the value of $50 was filed in the county court at law.

MANY PEOPLE INVITE APPENDICITIS ATTACK

Appendicitis is often due to infection from old, retained waste matter. Even though bowels move daily, poisons may accumulate in the system for months The intestinal antiseptic, Adler-i-ka, acts on BOTH upper and lower bowel, removing ALL foul, decaying matter which might start infection. EXCELLENT for gas on the stomach or chronic constipation, Adler-i-ka removes matter which you never thought was in your system. ONE single dose will surprise you Barr-Winston Drug Co., 704 Indiana avenue, Wichita Falls, Texas.—adv.

MOTHER!

Clean Child's Bowels with "California Fig Syrup"

Even a sick child loves the "fruity" taste of "California Fig Syrup" If the little tongue is coated or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—adv.

For Raw Sore Throat

At the first sign of a raw, sore throat rub on a little Musterole with your fingers.

It goes right to the spot with a gentle tingle, loosens congestion, draws out soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It has all the strength of the old-fashioned mustard plaster without the blister.

Nothing like Musterole for croupy children. Keep it handy for instant use. 35 and 65 cents in jars and tubes; hospital size, $3.

RANGER MAN SUFFERED 12 YEARS WITH KIDNEY TROUBLE

FERRASAL BRINGS HIM BACK TO HEALTH

"I have suffered from stomach and kidney trouble for twelve years. I could not eat solid food such as meat and potatoes, etc. My kidneys were in awful condition and sometimes I would fall from spells.

I bought a box of FERRASAL at the Oil City Pharmacy, Ranger, and can now eat anything I want. I bought two more boxes today to complete the treatment and I find it is one of the greatest remedies that has ever come to our city. It is the greatest remedy I have ever tried, and I shall tell anyone the same if they will come to see me personally or write me."

C. B. CHANCELLOR.
Eastland Hill,
Ranger, Texas.

Kidney Trouble is often the result of acid accumulated in the system during a long period of years This acid originates in the stomach, gets into the blood and if not checked results in kidney trouble and rheumatism. FERRASAL acts on the source of the trouble—the stomach—neutralizing the excess acids and driving them out of the system. Don't suffer for years when a 50c box of FERRASAL will give you permanent relief. Your druggist will refund your money if you are not satisfied with the results

Sold by Smith's Drug Stores and all good druggists everywhere—adv.

To Start Work on Community House Within Ten Days

Work on the North Side Community House will be started within 10 days, according to the confident expectation of the North Side Civic league woman Donations of money, material and labor to date have justified the plans for the start in the middle of the month, it is stated, and it is hoped to complete the building in January.

The league met Tuesday afternoon by special invitation with Mrs T. B. Smock, members of the central league being present. The annual election of officers and reports on the progress of the community house plans featured the meeting with provision to attend to several special matters called to the attention of the civic organization

Mrs H F Gullatt, present president of the league was re-elected by unanimous vote no other name being reported with Mrs L F Scott vice-president and Mrs M J Marshall secretary The standing committees were unchanged

Splendid progress was reported on the community house plans including reports of various donations for the building These included lumber, brick for foundation, money and labor The social service committee reported the sick in and near the community needing help were being cared for, and Mrs. M H Glover, of the local Red Cross committee volunteered help A report on the proposed north side swimming pool, which has been badly needed for the past several years since the community has built up to its present proportions was to the effect that the committee felt the only way to get the pool was by means of private donations A committee was advised to see Dr Douglas concerning some insanitary conditions near the river Mrs W S. Curless offer of help from the central league in the city beautification department was accepted and Mrs J E Sharp, new president of the central league made a brief talk in which she outlined suggestions for co-operation Mrs Ford reported $30 cleared from the oyster supper recently held as a community house benefit with some other money taken in at Tuesday's meeting

MONTHS OF SUFFERING

How a Baltimore Girl Recovered Her Health

Baltimore, Maryland.—"For several months I suffered with severe backache and general weakness. I could not sleep comfortably at night for pains in my back. I found your book at home one day and after reading it began at once to take Lydia E. Pinkham's Vegetable Compound. I have had very good results and some of my girl friends are taking it now. You may use this letter to help other girls, as the letters in your book helped me."—ROSE WAIDNER, 3018 Roseland Place, Baltimore, Md.

That is the thought so often expressed in letters recommending Lydia E. Pinkham's Vegetable Compound. These women know what they have suffered, they describe their symptoms and state how they were finally made well.

Lydia E. Pinkham's Vegetable Compound is a medicine made from medicinal roots and herbs, and without drugs, to relieve the sickness women so often have, which is indicated by backache, weak feelings, nervousness, and no ambition to get anything done or to go anywhere. It has helped many women. Why not try it?

ADVENTURES OF THE TWINS

BOX-KITES' STORY

By OLIVE ROBERTS BARTON

There we were, up in the sky spelling "Use No Soap."

Nick and Nancy and Buskins sat quite still while the Fairy Queen was hearing the troubles of all the kite people from the Land of Up-in-the-Air

'Who is next? she asked

"Us," answered two box-kites stepping timidly forward

"We, corrected the Queen 'Yes we," nodded one of the kites But we're so nervous we forgot our grammar"

"Why, what is the trouble" asked the Queen kindly 'What are you afraid of"'

'We—we dont want to be sent back, if you please,' explained the kites 'You see, we spoiled the trade'

'I havent the lease idea what you are talking about declared the Fairy Queen Suppose you begin at the first and tell me all about it'

Well" said one of the kites 'it was this way As we are box kite we go very high up into the air and being strong we can carry a great deal of weight so Mr Pettigrew thought of a plan to use us in advertising Mr Pettigrew is manager of the Snow Soap company. So he got eleven of us and put an electric light in each one As we all had different letters, at night when we were sent up into the sky with our lights burning, we spelled out the words Use Snow Soap' I had an S' on me and my friend here had a W as you can see But one night our lights went out There we were up in the sky, spelling Use No Soap,' and the children were tickled to pieces when they looked out of their windows at bedtime and saw us Mr Pettigrew was furious so my friend and' I broke away and came here Please dont send us back It wasn't our fault

I'll write a note to Mr Pettigrew said the Fairy Queen 'You need not be alarmed about returning to your friends

BIG REPRESENTATION OF SCHOOLS AT MEET OF PARENT-TEACHERS

The fullest representation of the various schools' councils ever present at a meeting of the Parent-Teacher federation was reported from Tuesday afternoon's meeting at the home of Mrs J. E Wolf when practically all of the local school organizations were represented.

The meeting was strictly business, with consideration of the Saturday morning movie matinees for money raising, and of the paper economy plan. It was decided that the federation will present the Saturday morning movie matinees for the treasury benefits, to be given in behalf of the schools in rotation With regard to the paper plan, by which it was proposed to make a shipment purchase of paper for the local school children at a great saving, no decision was reached, the committee making some suggestions

A committee was appointed to respond to the request of the negro parent-teachers' association for help in their work, and will meet with the latter at an early date

Those who were present and the schools represented included the following, Mesdames A L Thornburgh, Alamo Jr and High R E Porter, High and Junior High, M L Hooker, High C T Warman, Sam Houston Homer McGregor Alamo and Junior High, W L Whitlaw and Ed Reesey, San Jacinto: D M. Jones Austin and Junior High R L Blackwell, C Ballard and S D Walkup Barwise A P Terry S B Massey and J L Webb, Travis, W E Wichter, High; J. E Wolfe and W. How to Make Child-birth Easier!

DO YOU wish to know how thousands and thousands of women have gone thru motherhood without knowing some of the pains and discomforts incident to childbirth? *Listen to this:*

Motherhood creates almost a new state of being for a woman.

As a result, new nerves, those heretofore restful and quiescent, spring into activity, they cry out, they tingle, they burn in their unrest.

The network of nerves across the abdomen, the loins, the back and other parts now become supersensitive. All these nerves are being called on to perform unusual duties.

These nerves must be pacified and comforted, must be put in condition for the crisis that is pending.

If these nerves are not soothed and quieted, they may set up aggravated nerve tension, increasing in severity from month to month, sometimes even culminating in a nervous paralysis of the back and limbs. This leaves the mother-to-be in a condition where she is unable, fully, to meet the test when the climax of maternity arrives.

Mother's Friend is used externally as a massage; and its purpose, thru daily use, is to gradually, gently and effectively relax the muscles and nerves involved in the function of child-bearing; to make the skin soft, pliable and elastic so that it may expand easily and naturally as the abdominal parts enlarge—thereby relieving the tension and strain on these muscles and nerves of the otherwise severe distension before delivery.

Mrs C J. Hartman, 515 Palm St. Scranton, Pa., says

"I am willing and anxious to tell any mother about Mother's Friend It did me so much good that I wouldn't be without it if it cost $5 00 a bottle With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I only had a nurse We had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes"

Many doctors and nurses recommend Mother's Friend It contains no narcotics or habit forming drugs and is perfectly harmless All drug stores carry Mother's Friend

WARNING: *Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.*

14-YEAR-OLD BOY IS JAILED FOR SHOPLIFTING IN 5 AND 10-CENT STORES

Three tin whistles, as many pairs of dice, a rubber ball, flashlight, toy bank, pack of cards and about $3 in nickles and dimes were disgorged from the pockets of a 14-year-old boy Thursday morning following his arrest on charges of shoplifting All the articles are said to have been taken from the Kress and Woolworth stores.

M H Chenault, manager of the Kress store, detected the boy making a round of his counters, he told police, and followed him after he left the place. The youth went straight to Woolworth's, according to Chenault, and was filling up at that place when Chenault intervened and notified the police.

The boy was turned over to Juvenile Officer Yates after having admitted the thefts at the two 5 and 10 cent stores

WHEN HAIR THINS, FADES OR FALLS, USE "DANDERINE"

35 cents buys a bottle of 'Danderine.' Within 10 minutes after the first application you can not find a single trace of dandruff or falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, helping your hair to grow long, thick and luxuriant.

Girls! Girls! Don't let your hair stay lifeless, colorless, thin, scraggy. A single application of delightful Danderine will double the beauty and radiance of your hair and make it look twice as abundant. (adv.)

RANGER M'CORMICK TRACES WAGON AND MAKES AN ARREST

Ranger J. W McCormick returned to the court house Thursday noon after an absence of five hours, with a man, whom he had arrested on the charge of theft of a wagonload of horse feed.

The feed was stolen from the ranch of Carl Williamson, near Burkburnett, on Tuesday night, but no trace of the alleged thief had been left. The owner of the stolen property had no idea as to who the party was.

Ranger McCormick traced the wagon to Burkburnett and states that he found the feed in a barn.

Theft of property under the value of $50 was filed in the county court at law.

MANY PEOPLE INVITE APPENDICITIS ATTACK

Appendicitis is often due to infection from old, retained waste matter. Even though bowels move daily, poisons may accumulate in the system for months. The intestinal antiseptic, Adler-i-ka, acts on BOTH upper and lower bowel, removing ALL foul, decaying matter which might start infection. EXCELLENT for gas on the stomach or chronic constipation, Adler-i-ka removes matter which you never thought was in your system. ONE single dose will surprise you. MOTHER!

Clean Child's Bowels with "California Fig Syrup"

Even a sick child loves the "fruity" taste of "California Fig Syrup" If the little tongue is coated or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup—adv.

RANGER MAN SUFFERED 12 YEARS WITH KIDNEY TROUBLE

FERRASAL BRINGS HIM BACK TO HEALTH

"I have suffered from stomach and kidney trouble for twelve years. I could not eat solid food such as meat and potatoes, etc. My kidneys were in awful condition and sometimes I would fall from spells.

I bought a box of FERRASAL at the Oil City Pharmacy, Ranger, and can now eat anything I want. I bought two more boxes today to complete the treatment and I find it is one of the greatest remedies that has ever come to our city. It is the greatest remedy I have ever tried, and I shall tell anyone the same if they will come to see me personally or write me."

C. B. CHANCELLOR,
Eastland Hill,
Ranger, Texas.

Kidney Trouble is often the result of acid accumulated in the system during a long period of years. This acid originates in the stomach, gets into the blood and if not checked results in kidney trouble and rheumatism. FERRASAL acts on the source of the trouble—the stomach—neutralizing the excess acids and driving them out of the system. Don't suffer for years when a 50c box of FERRASAL will give you permanent relief. Your druggist will refund your money if you are not satisfied with the results

BOTTLED IN BOND.

How much bottled-in-bond whisky remains stored in warehouses throughout the country? About 38,000,000 gallons, answers Millard F. West, deputy commissioner of internal revenue.

Rum hounds will figure out that this is 2,432,000,000 drinks or 23 for every man, woman and child in America.

It seems a lot.

But warehouse stocks of whiskey 18 months ago were 50,000,000 gallons, compared with 38,000,000 gallons now.

The complete exit of John Barleycorn, except on doctor's prescriptions, is just a matter of arithmetic.

In a very few years pure whiskey, sold outside the law, will be worth $100 a quart. There'll be plenty of fools who'll pay that.

Pure aged whiskey nears extinction. Poison circulates in its place. Interesting days for the student of criminology.

You read that the mortality among prohibition enforcement officials along the Mexican border is higher than among the American fighting forces that saw action in France.

Liquor officials, watching for smugglers from Canada, at Rouse's Point, N. Y., report nonchalantly that pistol battles with rum-runners are almost every-day occurrences. "Most, if not all, of the bootleggers carry automatic pistols."

Rich men's cellar stocks are looted. So are bonded warehouses. Forgers turn out fake withdrawal permits. Counterfeiters duplicate internal revenue stamps by the hundreds of thousands. The bootleg traffic has attracted to it an unprecedented organization of dangerous criminals.

The spasm of crime, accompanying the bootleg traffic, does not mean that prohibition is going to be a farce or a failure in the long run.

John Barleycron is like a vicious maniac who writhes violently for some time after he gets into the strait-jacket.

The net will tighten, in time. State legislatures may have to amend laws, make it a death penalty to sell wood alcohol and other poisons disguised as drinkables.

What prohibition needs most is realization by all citizens that, when they buy liquor illicitly, they are aiding and abetting a super-criminal organization.

The guiltiest party is the one who supports it by buying.

G. O. P. LEADERS MUST GUESS AGAIN.

When the announcement was made Saturday night that the republican leaders in congress had agreed to push soldier bonus legislation, veterans of the world war picked up interest and hope immediately. But when it became known that these leaders planned to raise the money for the bonus from the payment of debts by the allied nations to the United States the hopes of the veterans at once subsided. If the veterans are compelled to wait for a bonus or pensions until these debts are paid there is no telling how long they will have to wait.

Republican leaders in congress feel that it is imperative that something be done to placate the veterans before the congressional elections next fall but they will have to guess again on a method of raising the revenue to pay this bonus. The payment of the debts owed by the countries associated with the United States in the world is too indefinite and uncertain at this time to afford any assurance to the veterans.

TODAY'S TALK

By GEORGE MATTHEW ADAMS

MENTAL WASTE.

I can understand many phases of extravagance in the one who, after many years of labor, has accumulated and saved. There is a certain thrill in spending money for beautiful things.

But waste—deliberate waste—is a thing I have never been able to understand, when fathered by a reasonable proportion of intelligence.

And of all wastes, what can compare in tragedy to mental waste?

I have in mind one who was once a very close friend of mine. I have rarely known such brilliance of mind. But so wasteful did his mental processes become that his will seemed to have taken complete leave of him—his thought merely lapped at colorful dreams and his achievements died in their cribs.

Money wasted may be earned again—but wasted brain matter and wasted time leave a poverty that our consciousness must continually be compelled to note.

The longer we live, the more we come to realize the richness of conserved thought, observation and study. That which we have saved comes back to bless us and to inspire us on to better ways and means.

The boy who habitually buries himself in books and healthy exercise and a reasonable proportion of work during the growing years, needs call for little concern from those who have fathered and mothered him—no matter how "bad" he seems. He will come out all right in the end.

Muster thoughts—then master them! Remember there always comes a time when the brain is less plastic and when the reasoning powers do not strut as in the time of youth—but, rather, incline to lean on old supports.

That which you now save mentally will bring you a priceless income later on.

The great Gladstone at 80 had saved so religiously in thought processes that, though his body had lost much of its cunning, his mind still remained a mine of vast wealth and resource.

You can never grow too rich in mind!

JUST FOLKS

MINCE PIE.

I stood upon the coping of the tallest building known
And tried to walk that dangerous ledge, barefooted and alone,
I started very bravely, then I turned to look behind
And saw a demon coming of the most ferocious kind;
He bade me get a move on, and I started in to run
And I slipped and lost my balance, and I knew that it was done.

I had a wild encounter with a mad and awful beast,
His eyes were bulged with malice, for he'd picked me for a feast.
I tried to scream, but couldn't. Then he growled a fearful note
And gave one spring towards me and his fangs sank in my throat,
One gulp and it was over—it was much too black to see,
But I knew beyond all question that end had come for me.

I tumbled from an aeroplane and looped and looped around.
And was twenty-seven minutes on my journey to the ground;
I bumped a dozen steeples on my perilous descent
And left as many flagstaffs either snapped in two or bent—
But when I woke, in terror, I discovered with a sigh
How much of real excitement lurks in mother's hot mince pie

Schick Test

By DR. R. H. BISHOP

When the discovery of diphtheria antitoxin was made people thought that the fight against this disease had been won. It was subsequently found, however, that the anti-toxin must be administered at a very early stage to be used with effect.

Dr. Schick, after a long series of experiments, finally evolved a test which shows whether a given individual is susceptible to diphtheria or not. We are now able to ascertain to a nicety that practically 80 per cent of the new born, 50 to 60 per cent of the children and 90 per cent of the adults are naturally immune from the disease.

This discovery threw a new light on the spread of the disease and explained why only certain persons take diphtheria even when exposed to it. It shows whether a person has sufficient antitoxin in his blood to overcome an infection with diphtheria bacilli.

The test is made by injecting a small amount of diphtheria toxin into the skin. If the blood of the individual tested contains diphtheria antitoxin, there will be no apparent result, for the toxin is at once neutralized by the antitoxin.

The absence of a reaction, therefore, signifies the presence of antitoxin in the individual's blood, showing he is immune to diphtheria. Such persons, however, may become carriers of the disease. If, however, there is a reaction to the Schick test, it indicates that such persons are susceptible to diphtheria. They should take diphtheria antitoxin.

It would be well for everyone to make sure that he is immune to diphtheria. Consult your physician and ask him to apply the Schick test. Schools and communities all over the nation are thus helping to battle the disease. It is the only way effectually to blot it out.

L. C. Hoydrick and associates have acquired a large tract of land in the central part of Gray county near Le Fore for the purpose of drilling a test in this part of the state. The owners expect to start drilling early in the spring.

Pimples, blackheads, boils, etc., begin to disappear almost "while you wait." You will feel an almost immediate increase in your ability to tackle hard work or play. And as for putting new, firm flesh on your bones—people report gaining from five to nine pounds on the first package of Ironized Yeast!

Nothing introduced in recent years has met with such overwhelming popularity as this great new tonic. People all over the country seem to have just "gone wild" over it. For they know that Ironized Yeast is one tonic that is guaranteed to make good—that will do everything that is claimed for it. The famous Three-Day Test will convince you!

Yeast Best With Iron

Ironized Yeast supplies thin and run-down folks with the three vitamines, which though vitally essential to health, are lacking in the modern diet. But more than that, it supplies your blood with the iron needed to make it rich, red and strong. Vitamines alone are fine—but when taken with iron, as in Ironized Yeast, they bring their good results just twice as quickly, in many cases.

If you want to banish skin eruptions and quickly acquire a fresh, youthful, clean-looking skin—if you are thin and run-down and want to fill out your figure with firm hard flesh and increase your energy so that work will be a pleasure instead of a tax—then try Ironized Yeast at once.

Just mail coupon below for the wonderful Three-Day FREE Trial Test. You will very likely be amazed at the improvement just three days will show in you. Test is absolutely FREE! Mail coupon today.

Important!

Ironized Yeast is pleasant to take and will not cause gas or in any way affect the stomach as it contains a specially cultured yeast which is grown under the strictest supervision for medicinal purposes. Each Ironized Yeast tablet wrapped air-tight and moisture proof in waxed sanitape when made, thus assuring 100% purity and strength. There is only one Ironized Yeast. THEO. H. PRICE SAYS:

"Texas People Spend $60,000,000 a Year Outside the State for Having the Cotton They Produce and Consume Converted Into Manufactured Cotton Goods"

An Editorial by Theo. H. Price:

Among the year's developments that are of particular interest to the cotton trade there is to be especially noticed the construction of several new cotton mills in the State of Texas and plans which contemplate a further extension of the cotton manufacturing industry in that State. According to the latest figures there were 147,922,000 active cotton spindles in the world, 35,380,000 of which are in the United States, 20,000,000 being in the North and 15,380,000 in the South.

The distribution of the 15,380,000 spindles in the Southern, or cotton-producing, States is indicated in the subjoined table:

Alabama	1,291,000
Arkansas	13,000
Georgia	2,644,000
Kentucky	97,000
Louisiana	105,000
Mississippi	109,000
Missouri	31,000
North Carolina	4,881,000
Oklahoma	5,000
South Carolina	4,955,000
Tennessee	428,000
Texas	**160,000**
Virginia	595,000
Total	15,380,000

It will be noticed that **Texas has** but little more than 1 per cent of the Southern spindleage. During the three cotton seasons ending the 31st of July, 1918, there was consumed in the United States and Canada an average of more than 7,000,000 bales of cotton, or 3,500,000,000 pounds annually. This is equal to about 35 pounds per capita.

Texas has a population of 4,661,000. If the per capita consumption in that State is up to the national average, as is probably the case, Texans are consuming cotton goods for the manufacture of which over 300,000 bales of cotton are required and on 99 per cent of this consumption they are paying the cost of shipping the cotton to mills outside the State, manufacturing it there and shipping it back to the very people who produced it.

This is manifestly uneconomic, and as the cost per pound of manufacturing and distributing cotton goods is roughly equal to twice the cost of the raw material these figures mean, if cotton is worth 20 cents a pound, that the citizens of Texas are spending outside of that State an average of 40 cents a pound, or nearly $60,000,000, for having the cotton that they produce and consume converted into the cloth and other manufactured cotton goods that they require

It is therefore plain that the wealth of the State could be greatly increased by the construction of cotton mills in which its most important product could be converted into the manufactured goods that are made out of it.

This is, however, a comparatively narrow view, for it is quite possible that the cotton goods consumed throughout the United States, and especially in a very large section of the South and Southwest, to say nothing of Mexico and South America, could be manufactured in Texas. The raw material is there, the labor is there and the capital is there, and I am sure that the enterprise necessary to combine these three essential elements is not lacking.

The history of cotton manufacturing in the States of North Carolina, South Carolina and Georgia, now the leaders in the Southern textile industry, would indicate that the manufacture of coarse or heavy cotton goods should be at first undertaken and that as the operatives become familiar with the industry and develop the necessary skill the production of finer and lighter goods will follow naturally.

This would seem to suggest the technical lines along which the development of the cotton manufacturing industry in Texas should be attempted, and with the highly intelligent white labor that is now available in the more populous communities of Texas I have little doubt that if the movement acquires sufficient impetus the mills of Texas will shortly be able to produce a very large portion of the cotton goods that are consumed in that and the neighboring States, as well as in Central America and Mexico.

The following articles can and should be made in Texas cotton mills out of Texas-produced cotton:

Counterpanes, table cloths, denims, chambrays, ginghams, percales, batiste, dimity, pajama checks, gaberdine, India linon, linene, lawn cloth, middy twill, madras, jeans, nainsook, organdies, pique, pongee, poplin, repp, voiles, satine, beach cloth, plisse, kimono crepe, galatea, serges, shepherd checks, diaper cloth, towels, napkins, draperies, damask, crash, domestics, mosquito nets, etc.

Texas, the greatest cotton-producing area on earth, manufactures only 1 per cent of the cotton goods it consumes.

Texas cotton can be converted into finished goods in Texas to supply home requirements and to ship to other parts of the United States and to Mexico and Central and South America.

The Miller Cotton Mills, starting operations a little over a year ago, have made a remarkable record during a period when conditions were extremely unfavorable for any business.

The border of this advertisement shows pen pictures of various scenes in the Miller Cotton Mills.

At the present time the demand for the products of the Miller Cotton Mills is so great it is impossible to take care of the orders even by operating two shifts, day and night.

The directors of the Miller Cotton Mills decided to increase the capacity of the mill by 60 per cent, which should increase profits about 100 per cent.

To provide funds for this expansion an issue of $350,000, 10 years eight per cent sinking fund first mortgage gold bonds was authorized.

These bonds are being offered to Texas investors. There remains about half of the total issue unsold.

The financial condition of the Miller Cotton Mills shown in condensed statement below, prepared by Messrs. Marwick, Mitchell & Co., as of November 12, 1921, after applying the proceeds from this bond issue:

ASSETS.	
Cash on hand and in banks	$189,753.29
Accounts receivable	243,423.58
Merchandise and raw material inventories	70,749.23
Supplies, prepaid items, etc	14,869.61
Real estate, buildings, mill village, machinery, etc	910,155.96
	$1,426,951.67
LIABILITIES.	
Notes and accounts payable	NONE
Capital stock issued	$1,000,000.00
Net profit	76,951.67
First mortgage ten-year gold bonds	350,000.00
	$1,426,951.67

Net profits from Nov. 12, 1921, to Dec. 31, 1921, were $28,001.53.

The company's earnings are approximately four times the amount required to pay the interest on the bonds and provide a sinking fund.

The bonds are a first mortgage on all the company's real property and fixed assets, and is the only bonded indebtedness of the company.

The company obligates itself to retire, through operation of a sinking fund, by purchase in the open market or call at 105 and accrued interest, 10 per cent of the bonds each year.

The bonds are issued in denominations of $1,000, $500 and $100. Dated December 1, 1921, and due December 1, 1931. Interest payable January 15 and July 15, beginning January 15, 1922.

The form of mortgage and bonds has been approved by Armstrong, Keith & Kern, 40 Wall Street, New York, and Thompson, Knight, Baker & Harris, Dallas.

"I Want a Cave-Man Husband!"

Says Nina Lane McBride, Author, Explaining That a Business Man and a "Mental Mate" Were Both Found Wanting.

Mrs. Nina Lane McBride, Who Has Published a Poem, "Come to Me, My Cave-Man."

Left—Franz Stuck's Famous Painting of Life in Cave Days, "The Fight for the Woman."

TWO marriages behind her and Mrs. Nina Lane McBride, Bridgeport author and illustrator, is scanning the horizon for a third mate—a mate who can really satisfy her fierce craving to be mastered and maltreated. Technically, she is still the wife of Isaac McBride; actually, she has formally surrendered her husband to the Junoesque daughter of a Connecticut butcher, known familiarly as Lena the Goddess.

Mrs. McBride has given up her husband without a struggle for two reasons. First, he was so badly in love with the nobly molded Lena that his health was giving way. Secondly, he was only a "mental mate" and Mrs. McBride wanted a cave-man. Being "mental" herself, Mrs. McBride longed for rugged, virile, physical nature. Instead, she got a man who broke the poetic silences of night to ring the changes on the Marxist theory of surplus value and the Law of Diminishing Returns.

She still admires Isaac McBride—but he had a maddening habit of analyzing every look, gesture and act of their common life. McBride couldn't raise a spoonful of soup to his mouth, she said, without expatiating on its chemical contents, its food value, its probable effect as a motivizing influence in life and its general relationship to the cosmic whole.

"We had a political economy honeymoon—Mac and I," explained Mrs. McBride. "I believe it was the most novel honeymoon on the calendar. I did want to be educated. I did want to progress. I did want to be as clever as my economist husband. But I didn't want all this to happen on our honeymoon.

"Far, far into the night, as I lay with my face to the wall, Mac pumped these questions at me: 'Define the difference between abstract and concrete labor?' 'What's price?' 'What's market?'"

But, exasperating as all of this academic palaver was, Mrs. McBride now freely declares that "Mac" never would have done, anyhow. That became increasingly evident as the months went on. Something was lacking—something that didn't become clear to her until Lena the Goddess hove into the offing.

The McBrides were living in their picturesque bungalow out in Redding Ridge, Connecticut, when "Mac," as Mrs. McBride put it, "became attracted to the tallest woman either of us had ever seen. I'm five feet ten—an inch taller than Mac. Lena is six feet two. Really—I've always considered myself a baby tractor. But Lena is a derrick.

"I admired Lena from a distance as much as Mac did. He liked the way she swung in and out of her automobile with her broad shoulders—the way she ducked her head to get into our bungalow. So he sought an introduction."

After the introduction—came the fall. McBride fell in love with Lena, but it took his wife to discover it. Mac wasn't sleeping and he wasn't eating. He was even neglecting to discourse on the true inwardness of the grapefruit or the esoterics of indigestion. So Mrs. McBride knew that something was wrong.

"Mac, what's the matter with you?" she asked.

"Nina, I don't know," he answered, "I have never felt this way in all my life."

"Mac, dear, I know what ails you," sallied Mrs. Mac.

"Tell me, Nina," Mr. Mac implored, "and receive my everlasting gratitude."

"Mac, you're in love," she said.

McBride tried to argue the point in a cold, dispassionate, analytical way. But his wife won that argument. And so it was arranged, she avers, that he should have Lena.

Some of her friends have pointed out that the uncut primitive—the genuine cave-man—might be a little more than a sensitive woman like herself had bargained for. He would not only drag her around by the hair, they argue, but he would fell her with a blow from a granite fist.

Despite their warnings, however, Mrs. McBride knows what she wants. She has tried a business man and she has tried a "superior intelligence." Now she wants a cave-man. And she voices that want in a poem, a typical verse from which is:

"Come to me, my Cave-Man,
That I may hold you;
That your dear, warm body
Shall press mine and my head rest
In the hollow of your strong, broad shoulder:
O! Come to me—my Cave-Man—
My Lover to be."

FAVOR MOTOR CAR SERVICE BETWEEN CHILDRESS AND HERE

Railway motor car service between Wichita Falls and Childress may result from a movement started at Childress, following the order for discontinuance of the two local trains. Discussing the matter, the Childress Index says:

"It is probable that if Childress and Wichita Falls chambers of commerce, assisted by the chambers of other cities and towns between, would join together and request a motor car service between Childress and Wichita Falls, that it would become a reality.

"Monday a representative of this paper was in conversation with a railroad official and this matter was discussed. It is said that large motor cars can be purchased for about $20,000 each. Three cars would be necessary to maintain good service.

"It is said that if a car would leave Wichita Falls about 8 o'clock and another leave Childress at the same hour, the service would be just what is needed between the two cities. The return trips could be made about 4 o'clock, giving another service that would be appreciated by people residing in the oil fields of Wichita county. It would also be a great service for traveling men.

"The car coming from Wichita Falls could carry a trailer and deliver local freight to all towns, thus giving the merchants a service at lease two days ahead of the present freight schedules. This service would also do away with the trucks that are now used by the wholesale houses. It is estimated that at least 10,000 pounds of freight is now hauled by motor trucks daily into Childress and Quanah.

"The expense of operating a motor car is very small. The car is about the size of a standard passenger coach and is propelled by a motor using kerosene for fuel. A motorman and conductor compose the crew.

"Another point that would be of value in a motor service between Childress and Wichita Falls would be the relief accorded passenger train No. 2. It would not be necessary for this train to make local stops, enabling the train to reach Fort Worth an hour earlier. The territory from Childress to Wichita Falls is the most thickly populated along the Denver road and there are several roads with which connections can be made."

C. of C. Has New Hot Air System, Home Invention

A new wrinkle has been adopted by the chamber of commerce in its heating arrangements, and visitors to the organization's offices have been somewhat mystified thereby.

The office has a radiator going full tilt, and an electric fan playing on the radiator. Smart-aleck visitors are wont to inquire whether the radiator is used to warm up the fan's cool breeze, or whether the fan is intended to cool off the radiator's warmth.

It is claimed for the device that the fan puts the warm air into circulation and causes it to be disseminated about the room instead of staying all in one place.

"On the same theory," remarked Theophilus J. Tanlac, when he came in to pay his dues, "my great-aunt, before they took her to the insane asylum, used to put a chunk of ice in the tea kettles to keep the water from all boiling away."

"We don't need the fan on Tuesday," remarked the office boy. "The directors are in session there, and the hot air circulates freely enough."

Chiefs of Police Were Different Half Century Ago

Chiefs of police did things different back in 1867.

Delving through some of his fathers old papers recently, W. D. Cline discovered a letter, written in 1867 by the chief of police in New York City addressed to the Louisiana prison warden, and inquiring whether the warden wanted a man the chief was holding in New York. The letter is written in long hand of the copper plate kind that you don't see nowadays, and starts out something like this:

"Will you be so kind as to inform me by return mail whether, etc."

Police chiefs were different in those days.

The Wichita Marble & Granite Works

"Studio of Memorial Arts"

A. G. Deatherage, the enterprising manager of the "Studio of Memorial Arts," is sparing no effort or expense in his endeavor to give to the citizens of this community and contiguous territory, the very highest quality work it is possible with the assistance of a force of experienced artists in fine marble to render. His establishment located at 406 Seventh Street, has displayed in its sales rooms many monuments and markers of unusual symmetry and beauty of design which stand as examples of the expert and skillful designing of the men employed in the designing and cutting department. The plant is equipped with all the newest and latest machinery to assist these artists in producing the highest quality of work and within the least possible time. The cemeteries of this city and of those within a radius of several hundred miles, where the excellent products of this plant have been erected to the memory of loved ones, bear silent testimony to the high esteem in which the work of these artists are held. Mausoleums and splendid monuments from this plant are the chief markers in every silent city of the dead in this part of the state. Mr. Deatherage has just completed the second mausoleum for the cemetery at Wichita Falls, the Pat Carrigan mausoleum in the Riverside Cemetery. This is a very fine specimen of the stone cutter's art, and marks the progress of this establishment in its effort to supply the very best service with the highest quality of memorials. This establishment is running at full force, and is filling its rapidly increasing orders promptly. MORE ABOUT CRATING

Making crates or containers that stand the "gaff" is often a question of using a different type of corner construction, or merely driving the nails according to another plan. Sometimes the addition of a few well placed nails strengthens a box or crate a full 100 per cent.

THE MARKETS

COTTON—GRAIN—FINANCIAL—LIVESTOCK—PRODUCE

COTTON MARKET.

New York Cotton.

NEW YORK, Jan. 12.—The cotton market showed indications of a firmer technical position today. There was scattering liquidation on an opening advance of 8 to 13 points but the selling was much less active than earlier in the week and prices soon turned firmer on the better tone of Liverpool and covering. March sold up to 17.98 and May to 17.59 soon after the call, or about 13 to 15 points net higher. Private cables attributed the steadier showing of Liverpool to covering and trade buying. The advance here was probably promoted by private advices stating that the governor of Texas had created non-cotton zones in parts of Grayson, Collin and Ellis counties owing to the pink boll worm.

Offerings increased as March approached the 18-cent level on the early bulge with southern spot houses among the sellers and prices soon turned easier. March reacted from 17.90 to 17.80, or slightly below last night's closing, but offerings were lighter than earlier in the week and the late afternoon market was quiet and steady. Reports that the French cabinet had resigned were followed by another flurry of selling early in the noon hour and irregular fluctuations.

Reports of an improving demand from India in Manchester and a steadier spot basis in the southwest helped the early afternoon market. March contracts sold up to 18.00 or 18 points net higher and the market was steady around 2:00 o'clock.

The closing was irregular. Victory notes made new high records but other government bond issues eased. Stock sales approximated 475,000 shares.

Cotton closed steady.

New Orleans Cotton.

NEW ORLEANS, Jan. 12.—A good demand from profit taking shorts was the main influence in the early trading in cotton today. Liverpool was better than due and messages from Texas said that the state had prohibited the planting of cotton over further areas because of the pink boll worm conditions. At the end of the first half hour of business prices were 18 to 21 points up with March at 16.96.

After recessions of 10 to 15 points the market commenced to do better again, acting as it contained an extensive short interest that wanted to cover. Some little bidding arose on predictions of bullish week-end statistics tomorrow and of favorable American consumption figures for December Saturday. Toward noon prices were 20 to 21 points up with March at 16.98.

The reported resignation of the French cabinet seemed to be regarded as a favorable development, most traders accepting the idea that it would tend to clear the European political situation. Buying on this idea sent the market up to levels 20 to 29 points over yesterday's finals, March trading up 17.05 toward 1:30 o'clock.

The market closed steady at a net advance of 10 to 15 points.

New Orleans Spot Cotton

NEW ORLEANS, Jan. 12.—Spot cotton steady and unchanged; sales on the spot 1,624; to arrive 100. Low middling 15.00; middling 16.75; good middling 17.75. Receipts 3,045; stock 347,187.

Liverpool Cotton.

LIVERPOOL, Jan. 12.—Cotton spot in fair demand; prices easy. Good middling 11.46; fully middling 11.06; middling 10.71; low middling 9.66; good ordinary 8.01; ordinary 7.26. Sales 7,000 bales, including 4900 American.

Texas Spot Cotton

DALLAS, Jan. 12.—Middling cotton 17.15; steady. At Houston, 17.60; steady. At Galveston, 17.80; quiet.

GRAIN AND PRODUCE

CHICAGO, Jan. 12.—Fresh upturns in wheat resulted today from scattered commission house buying. Firmness in Liverpool quotations was the chief bullish factor. Gains, however, failed to hold. Opening quotations, which ranged from ½c to ¾c higher, with May 1.11 to 1.11⅛ and July 1.00⅝ to 1.00¾, were followed by a setback to around yesterday's latest figures.

Subsequently resignation of the French cabinet together with purchasing of seed wheat for Russia led to another advance which, however, was only in part maintained. The close was unsettled at ¾c net decline to ⅛c gain with May 1.11⅛@1.11⅜ and July 99½@99¾.

Corn and oats were firmre with wheat. After opening ¼ to ⅜@½c higher, May 54⅜ to 53½c, corn reacted.

Russian relief purchases steadied the market later. The finish was firm at a shade to ⅛c net higher, May 55⅝@53⅝c.

Oats started ⅛@¼ to ⅛c up, May 38⅝ to 38⅜c, and hardened but then sagged.

Higher hogs gave firmness to provisions.

LIVESTOCK

Fort Worth Livestock.

FORT WORTH, Jan. 12.—Cattle sold with freedom today, steers being quoted strong to 10c higher with other classes fully steady. Good calves cleared readily on a strong basis but common calves were rather slow. Receipts amounted to 1300 head of cattle and 1,000 calves. Steers of good quality notched 6.15 and several cars cleared at 5.00 to 5.75. No topy heifers or yearlings were available. The best calves sold at 6.50.

Hogs cleared to a broad demand at an advance of 25c, two cars bringing 7.85, while most of the run went at a range of 7.50 to 7.75. Pigs sold steady at 5.00 to 6.00. Hogs receipts amounted to 2,000 head.

Sheep and lambs were disposed of on an active and strong market. Some wethers went at 6.00 and ewes notched 5.50. Receipts only 110 head. Quotations:

Kansas City Livestock

KANSAS CITY, MO., Jan. 12.—Cattle: receipts 3,500; beef steers, steady to 25c higher; closing easy, 7.25@7.50; fat she stock strong, closing weak; cows 4.00@4.50; good light heifers 6.75; calves strong to 25c higher; best vealers 9.00@9.25; heavy butcher bulls 4.25@4.75; buk bologna 3.50@3.75; canners 2.50; stockers 5.10@6.65.

Hogs: receipts 5,000; closing active, 25c to 35c higher; mixed loads 7.40@7.75; bulk of sales 7.50@7.95; top 8.00; sows 6.00@6.75; stock pigs 25c higher.

Sheep: receipts 5,000; killing classes generally 25c higher; fed ewes 6.75; best lambs 12.25.

NEW YORK STOCKS

NEW YORK, Jan. 12.—Buying of coal shares imparted a firm tone to stocks at the opening of today's session. Reading, Delaware and Hudson, Delaware, Lackawanna and Western and Lehigh Valley were higher by large fractions to 2 points. United Fruit, Endicott - Johnson, Famous Players made one point gains. Mercantile Marine preferred, industrial Alcohol and Inspiration Copper also strengthened. Mexican Petroleum, General Asphalt and Bethlehem Steel registered more declines. Early dealings in the bond list indicated further activity in United States war issues.

Trading during the dull noon hour was confusing because of the heaviness of leaders and the strength of specialties. American Locomotive and Corn Products were under pressure but Coca-Cola, Montana Power and Pierce Oil preferred showed gains of 1 to 4 points.

New York Money

NEW YORK, Jan. 12.—Call money steady; high 3½, low 3½, closing bid 3½; offered at 3½, call loans against acceptances 3½. Time loans easy; 60 days 4½, 90 days 4½, six months 4½. Prime mercantile paper 4¾@5.

ALLEGES HE WAS INJURED WHEN A BOILER EXPLODED

Aron Champer in his suit against the Employers' Reciprocal association, on trial in the 78th district court, alleges that he sustained permanent injuries on July 1, 1920, while in the employ of the Western Coal corporation, when a boiler at the Burkburnett plant exploded.

The plaintiff alleges that he suffered injuries to his right arm and right leg and that as a result of an injury to his head that his mind has become affected. He seeks to recover the maximum amount allowed under the workmen's compensation act, $15 a week for 401 weeks or a total of $6,015.

ALLIED SUPREME COUNCIL DECLINES OFFER OF LEAGUE

By Associated Press.

GENEVA, Jan. 12.—An offer by the council of the league of nations made to the allied supreme council at Cannes to co-operate in organizing the Genoa economic conference has been declined by the supreme council acting on the suggestion of Prime Minister Lloyd George, it was announced here today.

MANILA CHOLERA CASES AND CARRIERS ISOLATED

MANILA, Jan. 12.—Thirty-six persons suffering from cholera and 45 persons classed as carriers of the disease are confined in the isolation hospital here. According to health authorities, only two cases are serious and no new cases are developing.

In the last 48 hours four cholera patients and 17 carriers were cured at the hospital. In the last two weeks eight deaths occurred.

United States authorities have forbidden the purchase of fresh fruits and vegetables here for trans-Pacific transport. Transport crews have also been forbidden to purchase articles of food from vendors at the water front.

PREMIER BRIAND RESIGNS POSITION

(Continued from Page 1.)

the parliamentary commission regarding the course of the negotiations at Cannes and telegraphed personally to Premier Briand to that effect.

On leaving the cabinet meeting, Premier Briand replying to inquiries from the reporters, said he had informed his colleagues as to what was being said in Cannes at the conference, but of what has been done at the conference, which he would explain in the chamber this afternoon.

M. Briand convinced the cabinet, it is learned, that the Anglo-French pact was the best thing obtainable in the way of establishing French security and it was added that the entire cabinet, unanimously behind the pact, would go into the chamber of deputies this afternoon to stand or fall with the treaty. The so-called irreconcilables came around to Briand's viewpoint promptly after hearing the premier's explanation.

The contest in the cabinet meeting centered on the advisability of the premier going before the chamber. The premier's supporters argued it was poor policy to call him before the legislative body while he was engaged in negotiations with foreign premiers.

Premier Briand put the Anglo-French pact, the question of postponement of German reparations payments and French participation in the Genoa conference squarely up to the chamber of deputies this afternoon, telling the deputies in the bluntest terms to take them or leave them.

The premier first presented the question of the British pact.

"You have been complaining for three years," he said, "of not being called upon to share in shaping French policies. I am bringing you what you have been demanding for three years and it is up to you to say whether you want it or not."

"As far as I am concerned," he continued, "I am merely making these explanations to you and do not ask your approval or refusal. Here is France's security. Take it or leave it."

The premier next turned to the subject of the Genoa conference.

"It is inadmissible," he said, "that France should be absent from this conference, which is purely financial and economic, especially when such a powerful financial and economic state as the United States, without whose co-operation work is impossible, has agreed to participate.

"Do you wish France not to be represented there?" he asked.

"If so, say so. I for my part wish France to take part."

NOT MUCH WARMER WEATHER SIGHTED FROM NORTHWEST

Reports from railroad agents from the north and west Thursday morning indicated that there was not much warmer weather in sight for Thursday night. A heavy frost during the night placed a sheath of ice over all still waters.

The lowest temperature reached in the city during the night was 28 degrees. The minimum temperature for the district was reported from Forgan and Woodward at 20 degrees. Texline reported 28 degrees and Amarillo 29.

Another snow fell at Amarillo from 2:30 to 3 o'clock Wednesday afternoon and railroad men passing through that district report that the ground is covered.

Spur on the Wichita Valley reported a minimum temperature of 26 degrees. Clear skies were in evidence all over the railroad district. The air pressure Thursday morning was indicative that no imminent change in conditions could be expected.

CIGAR STAND AT COUNTY COURT HOUSE IS SOLD

The cigar stand at the county court house owned by R. L. and G. S. Yates was sold Wednesday to Mrs. E. F. Fruechte who assumed ownership Thursday morning. The stand has been in operation there for over a year.

FORT WORTH ENGRAVERS HAVE RETURNED TO WORK

FORT WORTH, Jan. 12.—All striking engravers returned to work here this morning under the old wage scale and conditions pending the outcome of the present Chicago conference.

MEXIA NOW UNDER STATE MARTIAL LAW

(Continued from Page 1.)

Gajeske, to take no men who would have to be released within a few days.

No other troops will be ordered to Mexia at this time, Major Crawford said.

Besides General Wolters, commanding, other officers ordered to report for duty at Mexia are Major Julius Dornfield of Houston, quartermaster; Major Chester H. Machen of Waco, judge advocate; Captain William E. Huddleston of Galveston, medical officer; Captain Harry H. Johnson of Houston, and Lieutenant Clayton R. Kerr of Dallas. Lieutenant Bruce M. Galyon is the only other officer attached to Captain Gajeske's troop.

TEXAS RANGERS ON DUTY REPORT A QUIET NIGHT

MEXIA, Jan. 12.—Texas rangers on duty here had a quiet night, no arrests having been made. Telegrams announcing proclamation of martial law here and in the adjacent oil fields were received this morning and created no stir. Adjutant General Thomas D. Barton and Assistant Attorney General Clifford Stone returned today from Austin where they conferred with Governor Neff over the situation.

GUTHRIE STATE BANK CLOSED BY EXAMINER; REPORT GRADUAL RUN

GUTHRIE, OKLA., Jan. 12.—The Guthrie State bank, formerly the Oklahoma State bank, was closed this morning for the second time since October of last year. Oklahoma City bank examiners arrived this morning and formally closed the institution, announcing that their action was caused by a gradual run.

Notice is hereby given that on the 10th day of January, A. D. 1922, said Joseph Lester Hair was duly adjudged bankrupt, and that the first meeting of the creditors of the bankrupt will be held at my office in the city of Wichita Falls, Texas, on the 24th day of January, A. D. 1922, at 9:00 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such business as may properly come before said meeting. Hubert Martin, referee in bankruptcy. Jan 12

NOTICE OF TRUSTEE'S SALE

The state of Texas, county of Wichita. Whereas, on the 4th day of March, A. D. 1921, L. L. Smith and W. H. Roberts as trustees of the Kansas City Petroleum company, by deed of trust of that date conveyed to S. A. T. Morgan of the county of Wichita and state of Texas, the properties hereinafter described, for the better securing of B. O. Sanford and R. C. Dublin in the payment of three certain promissory notes in the principal sum of $1,000 each, due 90, 120 and 150 days after date, each respectively, with interest from date at the rate of [illegible] per cent per annum until paid, and providing that if said notes were not paid when placed in the hands of an attorney for collection, an additional 10 per cent should be added to the principal and interest then due as attorney's fee, and where as S. A. T. Morgan refused to act as such trustee and to carry out the trust in the said R. O. Sanford and R. C. Dublin by instrument in writing constituted and appointed the undersigned as substitute trustee with all the powers vested in the original trustee by said deed of trust, heretofore referred to, and whereas B. O. Sanford and R. C. Dublin are the present owners and holders of all of said three notes herein before described, and the said L. L. Smith and H. W. Roberts trustees for the Kansas City Petroleum company have made default in the payment of said notes, and by reason thereof the said B. O. Sanford and R. C. Dublin have declared each and all of said notes due and have duly so notified the said L. L. Smith and H. W. Roberts in writing, and whereas said notes at this time are long past due and unpaid, except for the sum of $[illegible] paid between the 1st day of November, A. D. 1921, and the balance due thereon now aggregates the sum of $[illegible] principal, interest and attorney's fees, and whereas I have been requested by the said B. O. Sanford and R. C. Dublin to enforce said trust, I will offer for sale between the legal hours thereof, to wit, between the hours of 10:00 o'clock a. m. and 4:00 o'clock p. m. at public auction to the highest bidder on the first Tuesday in February, A. D. 1922, the same being the 7th day of said month, at the court house door in the town of Wichita Falls, in Wichita county, Texas, the following described property, to wit: The [illegible] and gas lease on the south five acres of the west 10 acres of the east one-half of the southwest quarter of block 88, Red River Valley lands subdivision, Wichita county, Texas, with all rights, members and appurtenances thereto in anywise belonging. NOTICE TO OPERATORS

Recent reports from some of the operators show that the stealing of personal property within the receivership area has increased within the last two or three months. In order to assist the receiver in securing the apprehension and conviction of the thieves, operators are requested to communicate at once with the Receiver's office full information as to the theft or removal of property within the Receivership Area, from the lands returned to them for operation.

In this connection your attention is called to the following paragraphs of the order of June [illegible], 1920, which particularly to the exercise of criminal jurisdiction within the Receivership Area:

"The Receiver is directed to report to this court for such action as it may deem necessary and proper any interference with the property or operation in his charge or any violation of the orders and directions given by him in the performance of his official duties, and he may apply in vacation to the Chief Justice or any Associate Justice of this court for a writ of injunction in any case where an injunction might be granted by the court."

Nothing in the order of this court of April 1, 1920, or in this order shall be construed to prevent or in anywise obstruct the duly constituted authorities of the United States of America, State of Texas and Oklahoma in the exercise of their several and respective jurisdictions as to the prevention, detection and punishment of crime within the Area embraced within the Orders of this Court.

The parties hereto and their respective officers and agents are requested to afford the Receiver and his agents all reasonable and appropriate assistance in guarding, protecting and conserving the property within said Area.

SCHOOL TRUCK TO MAKE ITS FIRST TRIP ON FRIDAY

The new truck purchased by the Cooper school district for transporting the seventh and eighth grade pupils to the junior high school in the city will make its first trip Friday morning when the transportation children will be brought to the city that they may be classified and assigned to their proper classes.

The trustees of the school district purchased the truck after the voters had authorized the consolidation of the Cooper schools into a graded school and assented to the trustees buying a truck to transport the students to Wichita Falls.

Monday, January 16, is the beginning of the second semester of school in the city and the Cooper children will start on that date.

The Cooper school is the first country school in the history of Wichita county to take this step.

Rheumatism

A Remarkable Home Treatment Given by One Who Had It

In the year of 1898 I was attacked by Muscular and Subacute Rheumatism. I suffered as only those who are thus afflicted know, for over three years. I tried remedy after remedy, but such relief as I obtained was only temporary. Finally, I found a treatment that cured me completely, and such a pitiful condition has never returned. I have given it to a number who were terribly afflicted, even bedridden, some of them seventy to eighty years old, and the results were the same as in my own case.

I want every sufferer from any form of muscular and sub-acute (swelling at the joints) rheumatism, to try the great value of my improved "Home Treatment" for its remarkable healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of getting rid of such forms of rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when relief is thus offered you free? Don't delay. Write today.

COLD WEATHER IS IMPEDING WORK ON BURKBURNETT ROAD

Cold weather with frosts is impeding the progress on the paving of the Burkburnett road contractors stated Thursday morning. Due to the low temperatures reached during the nights it is necessary that work be stopped at 3:00 o'clock in the afternoon in order that suitable arrangements can be made to secure the new pavement from frost.

The two mixers are able to place approximately 500 feet a day under present existing conditions. No delays are being occasioned however, on account of lack of material or water. The trouble encountered with the quality of water has been remedied by the contractors.

TOTAL RECEIPTS OF J. P. COURT WERE $2,946.40

Total receipts of Justice of the Peace J. F. Maxwell for the fiscal year ending November 30 1921 according to his annual report filed Thursday with the county auditor amounted to $2 946 40.

Of this amount $1 519 50 was received as criminal fees, revenue derived from civil fees in the justice of the peace court was $204 30, from civil fees in the county court $3 00 and fines collected $1 183.

The money expended was $1,813 1 as salary to J. F. Maxwell, fines paid to county treasurer $1 012 35 and commissions paid county attorney $118 90, making a total of $2 946 40.

MISS MAE J. OPP, NIGHT SUPERVISOR AT HOSPITAL SUCCUMBS TO ILLNESS

Miss Mae J. Opp died at the Wichita General hospital at 7 o'clock Thursday morning after a long illness.

Miss Opp was a graduate nurse being a graduate of the St. Johns hospital Helena, Mont., class of 1914. During 1918-19 she served overseas as a member of the Army Nurse corps with base hospital 61 and camp hospital 111.

For the past two years Miss Opp had been a resident of Wichita Falls doing private duty and for nine months previous to her illness had been night supervisor at the Wichita General hospital which position she filled in a most efficient and conscientious manner. She leaves a host of friends whose sympathy is extended to the bereaved parents.

A short service will be held at the Merkle-Lunn parlors Thursday afternoon at 4:30 o'clock.

The body will be sent to Helena, Mont., her home accompanied by her mother.

U. S. DEPUTY MARSHAL ARRESTS "BOOTS" ROBERTSON

United States Deputy Marshal C. M. Dodgen placed O. F. (Boots) Robertson under arrest Wednesday evening at Burkburnett on a capias charging him with the transporting of a stolen automobile across the state line. He was indicted at the last session of the grand jury. U. S. Commissioner J. V. Lintz set his bond at $750 Thursday morning.

STORE ROBBERIES BEING CLEARED UP, NEGROES ARRESTED

Police were at work Thursday morning clearing up the tag end of a series of robberies which during the past three days have resulted in the arrest of eight negroes and the recovery of several hundred dollars worth of wearing apparel stolen from local mercantile houses.

Some shoes and an expensive coat were located and turned over to the owner Wednesday afternoon but no arrests were made in connection with the find. Still other articles are hidden out in the city, officers said Wednesday and it will be a difficult matter to unearth them.

The robbery cases cleared up this week are merely a few of the many that are being made at the expense of Wichita Falls merchants, police believe but since the merchants themselves are not aware of their losses until long after the goods have disappeared it is next to impossible to trace the thieves.

Negroes are said to be largely responsible for the thievery, porters at various stores finding it highly profitable to remove small articles from stock shelves and either sell them at once or turn them over to accomplices who can act as a fence. The small losses are not discovered until checks and inventories are made, officers assert which gives the thieves plenty of time to not only make away with large amounts of merchandise, but to dispose of it without detection.

Recognizing the Dollar's Value

The National City Bank of New York City, one of the world's greatest financial institutions, has just announced that hereafter it will accept deposits of as little as one dollar, in its savings branch. When an institution like that gives recognition to the value of a dollar, can't you afford to think of the careful placing of yours?
